

SABER Society for the Advancement of
Biology Education Research

SPONSORSHIP PROSPECTUS

WHO WE ARE

SABER is a scientific society dedicated to the advancement of post-secondary biology education. SABER facilitates the dissemination of biology education research findings to education researchers, classroom practitioners, and other stakeholders.

OUR ATTENDEES

Our conference attendees are forefront scholars in biology education research. Their research and pedagogical research and practices are respected among peers at their institutions.

ENGAGEMENT OPPORTUNITIES

Our sponsors have the opportunity to engage with 400 attendees at two 90-minute poster sessions. Sponsor tables are located in the same area as the food/beverages and posters at the Graduate Hotel Ballroom to facilitate exposure. There are additional opportunities to showcase your products during a lunch break.
